

Hole In The Earth - Deftones

Author : muammar

Can you explain to me how you're able, how
It's too late for me now
there's a hole in the earth I'm out
there's a hole in the earth I'm out
Can you explain to me now
if you're stable, whilst
I think you know the truth
there's a hole in the earth, I'm out
I hate all of my friends
they all attack sometimes
there's a hole in the earth, I'm out
there's a hole in the earth, lets take a bow
this is the end
somewhere
this is the end
somewhere
there's a hole in the earth
there's a hole in the earth
I hate all of my friends (I'm out)
there's a hole in the earth
I'm away somewhere
Adoro deftones :-)
